FOR IMMEDIATE RELEASE:

CHATEAU MARGENE TEAMS UP WITH MONTEREY BAY WINE COMPANY

Distributor to Represent Paso Robles Grower / Producer in California

Creston, CA: Chateau Margene, one of Paso Robles' premiere Cabernet and Bordeaux – style producers, has announced a wholesale partnership with Monterey Bay Wine Company. MBWC will represent Chateau Margene to wine retailers and restaurateurs throughout California, excepting CM's own backyard of San Luis Obispo County. This will be the first opportunity for many on and off-premise accounts around the state to have access to the limited, Cabernet-based releases of Chateau Margene and its sister labels Mooney Family and El Pistolero.

Michael Mooney, owner / grower, is excited about he and wife Margene's wines reaching a wider audience: "Monterey Bay Wine Company is one of the most established, well regarded "artisan" distributors in California. Their sales team's commitment to quality and customer service reflects our own priorities. This will be a successful long term partnership; I plan to be "in market" quite a bit to show our support and grow the brand."

Monterey Bay Wine Company can be reached through their website at MBWines.com or by phone at 831.685.9463.

The Chateau Margene home estate is a true Paso Robles' appellation "First Growth." Owners Michael and Margene Mooney's vineyard designated releases have received national acclaim. The annual release of their very limited "Beau Melange" bottling is much anticipated. It is one of the finest Bordeaux-style blends produced in California – the perfect expression of a truly great vineyard site and one winemaker's history and passion in crafting Cabernet-based wines of the highest order. The wines of Chateau Margene are available in their tasting room in Creston and at fine wine retailers and select restaurants. CM's online home is ChateauMargene.com
